INTRODUCTION & WARRANTY

Thank you for selecting and buying V-TAC product. V-TAC will serve you the best. Please read these instructions carefully before starting the installation and keep this manual handy for future reference. If you have any another query, please contact our dealer or local vendor from whom you have purchased the product. They are trained and ready to serve you at the best. The warranty is valid for 2 years from the date of purchase. The warranty does not apply to damage caused by incorrect installation or abnormal wear and tear. The company gives no warranty against damage to any surface due to incorrect removal and installation of the product. The products are suitable for 10-12 Hours Daily operation. Usage of product for 24 Hours a day would void the warranty. This product is warranted for manufacturing defects only.

WARNING

1. Before operating your FLAMELESS LED CANDLE please make sure that you carefully read through these instruction manual.
2. The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.
3. For Indoor Use only

This marking indicates that this product should not be disposed of with other household wastes.

NOTE

The important safeguards and instructions that appear in this manual are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution and care are factors that can't be built into any product. This approach must be used by the person(s) caring for and operating the candle.

CAUTION

Battery installation should only be performed by an adult. Only batteries of the same or equivalent type as recommended should be used. Battery leakage can cause corrosion and damage to this product so please remove non-functioning batteries immediately. Remove the batteries from product during long periods of non-use. DO NOT DISPOSE OF IN FIRE. Please dispose at your local recycling facility.

BATTERY INSTALLATION

The candle works with 2 x AA batteries (included). The battery compartment is located on the bottom of the candle. Batteries should be inserted with the correct polarity as indicated (+/-) and battery compartments secured before use.

ON/OFF SWITCH

The ON/OFF/ switch is located on the bottom of the candle, next to the battery compartment.
